Dear Dr. Pritchard,

I am so impressed with the work you have done with the Wind Wolves!

Spending that time with them on the phone the other day gave me hope for what the next generation is capable of...with the right leadership....and that comes from you.

I am also strongly in support of the Wind Wolves pursuit of renewable energy for their school in an effort to take action to stop Climate Change.

Keep up the great work.

You and your wonderful students have inspired me!

Sincerely,
